Things You Should Know....

- ✓ Illegal room additions or items done without a permit are code violations. Participation in the program means the City will be made aware of all code violations that exist on the property. All code violations will be addressed as a priority.
- ✓ Interior or exterior remodeling (cosmetic) work will not be addressed.
- ✓ Because this is a rehabilitation program, any items that are replaced are *like for like*. We will replace the item with something similar to what currently exists. Items will not be upgraded.
