INCIDENT SUMMARY:

On Sunday, June 25, 2017 from approximately 7:30pm - 4:00am a critical incident training exercise will be conducted at the Pembroke Lakes Mall. The exercise will involve assets and personnel from the Pembroke Pines Police and Fire Departments, as well as additional regional public safety partners. The exercise will simulate a mass casualty incident (MCI). In addition to the exercise occurring at the Pembroke Lakes Mall, the local hospital system, primarily Memorial Hospital West (703 N. Flamingo Road), will participate by receiving volunteer "patients" in a mass casualty incident.

Training exercises of this nature help to ensure that public safety organizations, medical facilities, and community partners are better able to effectively respond to emergency situations.

The Pembroke Pines Police and Fire Departments maintain strong strategic partnerships with both the Pembroke Lakes Mall and Memorial Hospital West. It is through such relationships that we work together to maintain a safer community for the residents and visitors of the City of Pembroke Pines.
