

## DMV FLOW DISCONTINUED

Dear Community Partners, We regret to inform you that services from the FLOW program will be temporarily suspended beginning October 1, 2021.

We understand that this will cause some frustration and inconvenience for your community. Please contact our Program Manager David Brown directly via email at [Davidbrown@flhsmv.gov](mailto:Davidbrown@flhsmv.gov) to see if we can accommodate community members that have already scheduled appointments at your facility for the months of October and November 2021. Please inform those booking for (Future Month) and beyond that our services have been suspended.

We will communicate with you and your team once we resume services in your area.

FLHSMV services are available online for those who qualify by visiting:

- GoRenew.com; or
- MYDMVPortal.flhsmv.gov

My DMV Portal is a fast and easy way to renew or replace your Florida driver license or ID card; renew or replace your motor vehicle, vessel, or mobile home registration; obtain a paper title; and many other services.

**Thank you**
